MID WEST COMMUNITY FUNDING

Western Australian Community Foundation is seeking funding applications from local groups, associations or organisations that inspire, develop or enhance community connectedness across the Mid West region.

Community funds are now available through income earned from donations made to the perpetual Mid West Community Foundation. Thanks to the support of the Mid West Development Commission, local businesses and community members across the region the fund will help ensure the Mid West community benefits in perpetuity.

The Mid West Community Foundation is a charitable, community based initiative established in 2007 to support people, projects and activities demonstrating a contribution to the enhancement, well-being and future sustainability of the Mid West region.

It is underpinned by philanthropy: the planned and structured giving of money, time, information, goods and services, voice and influence, to improve the wellbeing of our community. At the heart of the Mid West Community Foundation is the desire to sustain, grow and provide opportunity - from small groups passionate about a cause to whole of community projects that bring people together.

Community groups or organisations whose activities and purposes are charitable, and benefit communities within the Mid West region are encouraged to apply.

Projects seeking funding should commence or occur in 2009. Applicants must review and address:

- Mid West Community Foundation 2009 Funding Opportunities;
- Western Australian Community Foundation Grant Guidelines; and
- Western Australian Community Foundation Grant Application Form.

Applications close 5:00 pm AWST on Thursday, 30 April 2009. All documentation is available for download at http://www.wacf.org.au/Mid_West_Community_Foundation.asp.

For more information please contact Western Australian Community Foundation on ph (08) 9224 6000 or via info@wacf.org.au.
